DETAILED ACTION

1) Claims 74 to 109 are pending in the instant application. Claims 106 to 109 have been added as requested by Applicant in the amendment filed 20 November of 2008.

2) Any objection or rejection of record that is not expressly repeated in this action has been overcome by Applicant's response and withdrawn.

3) The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4) Claims 74 to 105 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement for those reasons of record as applied to claims 74 to 105 is section 2 of the office action mailed 15 May of 2008. As stated therein, these claims are not enabled because they expressly require the deposited material recited therein to make the claimed invention and Applicant has failed to provide an assurance that all restrictions on the availability to the public of the material so deposited will be irrevocably removed upon the granting of a patent.

Double Patenting

5) Claims 74 to 109 are rejected on the ground of nonstatutory double patenting over claims 22 to 32 and 39 to 48 of U. S. Patent No. 7,122,185 for those

reasons of record as applied to claims 74 to 105 is section 3 of the office action mailed 15 May of 2008.

Response to Arguments

6) Applicant's arguments filed 20 November of 2008 have been fully considered but they are not persuasive.

7) **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action.
